Morningstar Investment Management LLC Analysis

Neuberger Berman Real Estate fund has struggled with weak relative performance since 2022. Although underperformance in those years wasn't dramatic, the cumulative effect has been significant and the fund's bottom-quintile performance for the first three quarters of 2025 has further dragged down its trailing return rankings. We are placing the fund on watch while we assess the team's ability to deliver competitive risk-adjusted results.
