✘ **Management:** The fund's management team has been in place for less than three years.

✘ **Style:** The fund has landed in its primary style box — Large Value — 50 % of the time over the past three years.

Morningstar Investment Management LLC Analysis

We are removing Allspring International Equity from fiduciary coverage after a stretch of weak performance and the sudden departure of managers Dale Winner and Venkateshwar Lal. The new managers, Paige Henderson and Jonathan Drexel, are experienced, but most of that experience is with a global dividend strategy, which had a significant U.S. exposure, so their experience running a pure international fund is limited. The strategy has also changed here, both in investment process and exposures. This is a new fund in many ways, and while it may prove to be reasonable, it will take time before we would be comfortable approving the fund in its new form.

Morningstar Investment Management LLC Analysis

Although this fund is led by an experienced management team that has guided the fund through a variety of return extremes (including positive ones), we have lost confidence in this fund's worthiness for this program. A variety of missteps over the course of multiple market cycles and an inconsistent record regarding risk management are significant weaknesses here. Although the fund's long-term returns appear strong relative to peers, the fund's Morningstar Risk rating is High and performance consistency has been weak—indeed, the fund's trailing three- and five-year returns land in the category's bottom quartile.
