## Morningstar Investment Management LLC Analysis

We are taking the fund off watch as manager Liz Shortsleeve of Wellington continues to execute well for her two-thirds portion of the mandate. Shortsleeve has been a named manager since August 2022 and has continued to implement the team's approach consistently, albeit with a slightly less defensive posture than predecessor Michael Hong. While she's upped the risk profile of their portion of the portfolio slightly, it's now closer to being in line with the benchmark, and risk has been managed thoughtfully. She's also backed by a deep bench of experts at Wellington, which gives us further conviction in the team's ability to continue to deliver solid results for its portion of the fund. The other sleeve, managed by Vanguard since August 2022, has a shorter track record but contributes less credit risk than Wellington's sleeve, so its relatively lower-risk profile means there is less room for major blowups. We are comfortable with both managers and their respective teams' ability to deliver solid results here for investors.

## Morningstar Investment Management LLC Analysis

We are placing Vanguard International Value on watch due to a change in subadvisor. Vanguard announced on June 16th that they had replaced Lazard as a subadvisor with Altrinsic Global Investors, effectively immediately, due to performance concerns. Altrinsic, ARGA, and Sprucegrove will each manage 1/3 of the portfolio. We are placing the fund on watch while we monitor the new subadvisor mix.
