Morningstar Investment Management LLC Analysis

This fund fails our expense screen with fees that are higher than the broad category average. Plan costs are sometimes wrapped into fund fees, but because costs are predictive of a fund's future relative performance, we would still like to see lower overall expenses here.

- Performance: The fund has finished in the Target-Date 2015 category's top three quartiles in 10 of the 10 years it's been in existence.
- Management: The fund's management has been in place for 10.92 years.
- Style: The fund has landed in its primary style box — Large Blend — 95.24 % of the time over the past three years.
- Net Expense: The fund's expense ratio of 0.74 is 54.17% higher than the Target-Date 2015 category average.

Morningstar Investment Management LLC Analysis

This fund fails our expense screen with fees that are higher than the broad category average. Plan costs are sometimes wrapped into fund fees, but because costs are predictive of a fund's future relative performance, we would still like to see lower overall expenses here.

- Management: The fund's management has been in place for 10.92 years.
- Style: The fund has landed in its primary style box — Large Blend — 95.24 % of the time over the past three years.
- Net Expense: The fund's expense ratio of 0.88 is 62.96% higher than the Target-Date 2055 category average.

Morningstar Investment Management LLC Analysis

This fund fails our expense screen with fees that are higher than the broad category average. Plan costs are sometimes wrapped into fund fees, but because costs are predictive of a fund's future relative performance, we would still like to see lower overall expenses here.

Morningstar Investment Management LLC Analysis

This fund fails our performance consistency screen; however, results are consistent with the fund's investment strategy and historical performance patterns, and we do not regard the screen failure as significant. This fund also fails our expense screen with fees that are higher than the broad category average. Plan costs are sometimes wrapped into fund fees, but because costs are predictive of a fund's future relative performance, we would still like to see lower overall expenses here.
