✔ **Net Expense:** The fund's expense ratio of 0.69 is 38.94% lower than the Foreign Large Growth category average.

Morningstar Investment Management LLC Analysis

We are placing Invesco Oppenheimer International Growth on watch for performance. This fund has struggled recently, most notably in 2018 when it fell further than its category peers and benchmark index. In the first half of 2019, the fund outpaced its prospectus benchmark and kept pace with its peers in the Foreign Large Growth Morningstar Category, but it could take some time for this fund to regain its standings in the category. There's reason for hope, as manager George Evans has led the effort here for over twenty years and long-term results are still competitive. We'll be watching for better relative performance in the coming quarters.

Morningstar Investment Management LLC Analysis

This fund fails our performance consistency screen. The fund takes modest credit risk relative to peers; therefore, in rallies such as 2016, the fund tends to lag its peers. However, over the long term, this fund provides good downside protection and risk management. We continue to recommend this fund.
