This fund fails our expense screen. However, that is due to reporting requirements concerning costs that are incurred by executing the strategy and are already reflected in the fund's pre-expense returns. Based on previous calculation rules, the fund's expenses are comparable with other offerings in its share class.

Morningstar Investment Management LLC Analysis

We are placing Templeton Foreign on watch. In July 2019, lead manager Tucker Scott will be leaving his post here, and his comanager Chris Peel will assume his duties. Additionally, the team will undergo a reshuffling of its global analysts, which could have implications for this fund, given that it relies on bottom-up stock research by the analysts. We view Scott's departure as a loss, and we will be watching for a smooth transition over the next year while the fund is on watch.
