Morningstar Investment Management LLC Analysis

This fund fails the performance consistency screen. The fund has a deeper-value tilt and somewhat smaller-cap positioning than most of its category peers, which can lead it to rank near the top or bottom of its category as these styles come in and out of favor. It's style has been consistent though and we are not concerned about this screen failure.

Morningstar Investment Management LLC Analysis

We are placing Invesco Oppenheimer International Growth on watch for performance. This fund has struggled recently, most notably in 2018 when it fell further than its category peers and benchmark index. In the first half of 2019, the fund outpaced its prospectus benchmark and kept pace with its peers in the Foreign Large Growth Morningstar Category, but it could take some time for this fund to regain its standings in the category. There's reason for hope, as manager George Evans has led the effort here for over twenty years and long-term results are still competitive. We'll be watching for better relative performance in the coming quarters.
