Quantitative Screens

✗ **Performance:** The fund has finished in the Foreign Large Value category's top three quartiles in 6 of the 10 years it's been in existence.

✔ **Management:** The fund's management has been in place for 10.59 years.

✔ **Style:** The fund has landed in its primary style box — Large Value — 100 % of the time over the past three years.

✔ **Net Expense:** The fund's expense ratio of 0.39 is 63.21% lower than the Foreign Large Value category average.

Morningstar Investment Management LLC Analysis

This fund fails the performance consistency screen. The fund has a deeper-value tilt and somewhat smaller-cap positioning than most of its category peers, which can lead it to rank near the top or bottom of its category as these styles come in and out of favor. It's style has been consistent though and we are not concerned about this screen failure.
