#### **Quantitative Screens**

× Performance: The fund has finished in the High Yield Bond category's top three quartiles in 5 of the 9 years it's been in existence.

Management: The fund's management has been in place for 16.93 years.

Style Consistency is not calculated for Fixed Income funds.

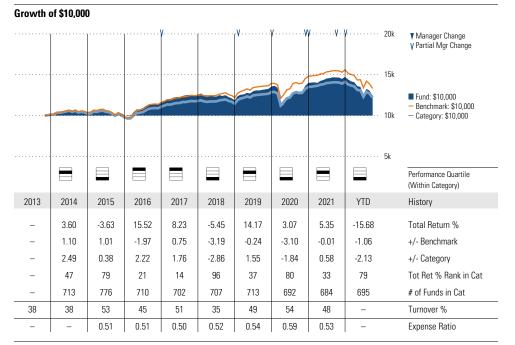

Net Expense: The fund's expense ratio of 0.53 is 41.11% lower than the High Yield Bond category average.

#### **Morningstar Investment Management LLC Analysis**

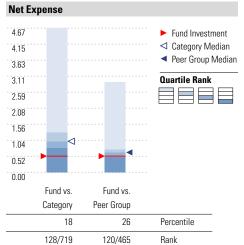

We are removing AB High Income from fiduciary coverage. We had placed the fund on watch two years ago due to poor performance along with the impending retirement of AB's former CIO, Doug Peebles. Performance has remained muted since we placed the fund on watch and the fund's flexible, risk-seeking approach does not give us any comfort in this already-volatile corner of the bond market.
