## Morningstar Investment Management LLC Analysis

We are placing BlackRock Inflation Protected Bond on watch following the abrupt departure of its lead and longest-tenured manager, David Rogal. While the fund is on watch, we'll assess the ability of the current team--co-managers Harrison Segall, Johan Sjogren, who joined the fund in February 2024, and newly appointed co-manager Russell Brownback--to deliver competitive risk-adjusted results comparable to those the fund achieved during Rogal's tenure.

## Morningstar Investment Management LLC Analysis

This fund fails our performance consistency screen. The team's conservative approach has led to bottom-quartile rankings in years when market performance has been driven by growth-oriented stocks. However, the fund's performance pattern aligns with our expectations, and we are comfortable with this screen failure.

## Morningstar Investment Management LLC Analysis

This fund fails our style consistency screen as the fund has drifted into the large-blend portion of the Morningstar Style Box. The drift towards blend is not unexpected as the fund's subadvisor lineup has shifted in recent years to managers that run more core-oriented strategies and lower exposure to deep-value oriented managers. We are not concerned with this screen failure but will continue to monitor the fund's strategy and category assignment.
