Section 2

- Performance: The fund has finished in the Real Estate category's top three quartiles in 8 of the 10 years it's been in existence

 Management: The fund's management has been in place for 19.76 years

- Style: The fund has landed in its primary style box – Mid-Cap Blend – 91.18 % of the time over the past three years.

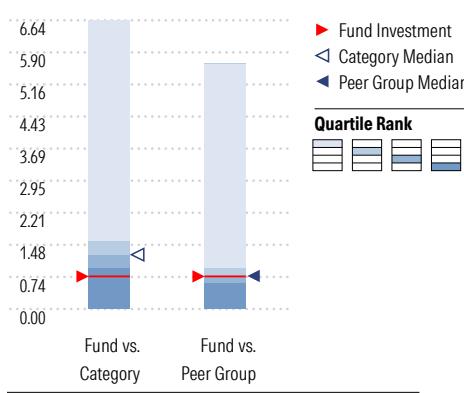

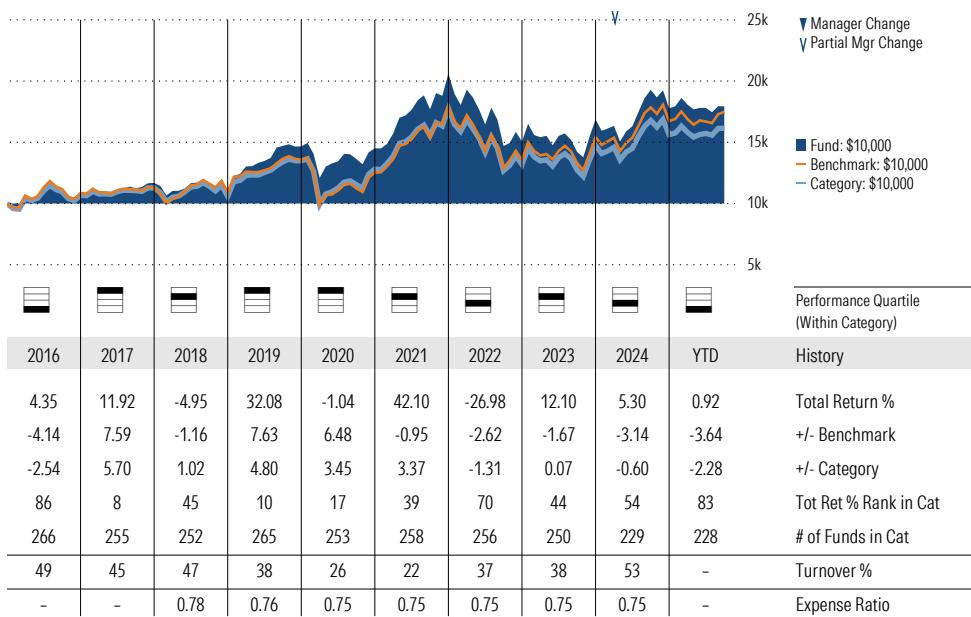

- Net Expense: The fund's expense ratio of 0.75 is 33.63% lower than the Real Estate category average.

Morningstar Investment Management LLC Analysis

Neuberger Berman Real Estate fund has struggled with weak relative performance since 2022. Although underperformance in those years wasn't dramatic, the cumulative effect has been significant and the fund's bottom-quintile performance for the first three quarters of 2025 has further dragged down its trailing return rankings. We are placing the fund on watch while we assess the team's ability to deliver competitive risk-adjusted results.

Morningstar Investment Management LLC Analysis

This fund fails our style consistency screen as the fund has drifted into the large-blend portion of the Morningstar Style Box. The drift towards blend is not unexpected as the fund's subadvisor lineup has shifted in recent years to managers that run more core-oriented strategies and lower exposure to deep-value oriented managers. We are not concerned with this screen failure but will continue to monitor the fund's strategy and category assignment.
