Morningstar Investment Management LLC Analysis

We are placing this fund on watch for performance. While we expect the concentrated approach of longtime lead manager and firm founder Ron Baron, along with comanager Neal Rosenberg, to produce occasionally jagged performance patterns, the fund's recent underperformance is more extreme than we are accustomed to seeing. The fund experienced a nearly -12% loss through September-end 2025, while the category and index returned around 9%, and that follows two calendar years of bottom-quintile performance. Much of this year's poor results have been driven by losses in some of the fund's larger media and data-research holdings such as FactSet, Gartner, and MSCI. While the fund is on watch, we will monitor to see whether it can return to its historical levels of risk-adjusted return.

This fund fails our performance consistency screen. The team's conservative approach has led to bottom-quartile rankings in years when market performance has been driven by growth-oriented stocks. However, the fund's performance pattern aligns with our expectations, and we are comfortable with this screen failure.

Morningstar Investment Management LLC Analysis

We are placing Vanguard International Value on watch due to a change in subadvisor. Vanguard announced on June 16th that they had replaced Lazard as a subadvisor with Altrinsic Global Investors, effectively immediately, due to performance concerns. Altrinsic, ARGA, and Sprucegrove will each manage 1/3 of the portfolio. We are placing the fund on watch while we monitor the new subadvisor mix.
