Morningstar Investment Management LLC Analysis

We are placing this fund on watch due to a manager change. At the end of March 2019, longtime lead manager Rajeev Bhman retired. Although his successor is experienced, Bhman was key to the fund's long-term success. We are placing the fund on watch while we monitor how it fares under new management.

✘ **Net Expense:** The fund's expense ratio of 0.67 is 39.58% higher than the Ultrashort Bond category average.

Morningstar Investment Management LLC Analysis

This fund fails our expense screen with fees that are higher than the broad category average. Plan costs are sometimes wrapped into fund fees, but because costs are predictive of a fund's future relative performance, we would still like to see lower overall expenses here.
