## Morningstar Investment Management LLC Analysis

We are placing this fund on watch due to a manager change. At the end of March 2019, longtime lead manager Rajeev Bhman retired. Although his successor is experienced, Bhman was key to the fund's long-term success. We are placing the fund on watch while we monitor how it fares under new management.

## Morningstar Investment Management LLC Analysis

We are placing Templeton Foreign on watch. In July 2019, lead manager Tucker Scott will be leaving his post here, and his comanager Chris Peel will assume his duties. Additionally, the team will undergo a reshuffling of its global analysts, which could have implications for this fund, given that it relies on bottom-up stock research by the analysts. We view Scott's departure as a loss, and we will be watching for a smooth transition over the next year while the fund is on watch.

## Morningstar Investment Management LLC Analysis

This fund fails our performance consistency screen. The fund takes modest credit risk relative to peers; therefore, in rallies such as 2016, the fund tends to lag its peers. However, over the long term, this fund provides good downside protection and risk management. We continue to recommend this fund.
