Morningstar Investment Management LLC Analysis

This fund went on watch earlier this year after portfolio manager Martin Hegarty left the firm. His departure followed other turnover on the team in 2017. However, we maintain confidence in the fund due to its solid process and talented underlying resources. Under current portfolio managers David Rogal and Chris Allen, the fund has performed as expected and we believe that they will continue to implement the solid process that has been in place for years.

We are placing this fund on watch due to a manager change. At the end of March 2019, longtime lead manager Rajeev Bhman retired. Although his successor is experienced, Bhman was key to the fund's long-term success. We are placing the fund on watch while we monitor how it fares under new management.
