## Morningstar Investment Management LLC Analysis

In mid-December 2019, PIMCO announced that longtime lead manager Mihir Worah would be retiring in March of 2020. Although the fund benefits from PIMCO's extensive resources and the current managers are experienced (but new to the team) we believe the fund merits watch status while we closely monitor its results after Worah's departure. This fund fails our expense screen. However, that is due to reporting requirements concerning costs that are incurred by executing the strategy and are already reflected in the fund's pre-expense returns. Based on previous calculation rules, the fund's expenses are comparable with other offerings in its share class.

## Morningstar Investment Management LLC Analysis

We are removing Templeton Foreign from our fiduciary programs. This fund had been on watch because of the departure of lead manager Tucker Scott in mid-2019 along with a reshuffling of Templeton's global analysts, who play an important role with this fund. Additionally, performance had been middling, including several years where the fund landed in the bottom quartile of its Morningstar Category. The fund underperformed its benchmark index and average category peer by several percentage points in 2019, and its trailing one-, three-, and five-year returns rank in the bottom quartile of the foreign large value Morningstar Category.
