Morningstar Investment Management LLC Analysis

We are placing Ivy International Core Equity on watch in our fiduciary programs. This fund fails some of our performance screens and its trailing three- and five-year returns rank in the bottom-quartile of its Morningstar Category; the fund also landed in the bottom quartile of the category in the last three calendar years. The fund's investment style has been somewhat out of favor within its category recently, but we would like to see performance pick up in coming quarters.

Morningstar Investment Management LLC Analysis

This fund fails our style screen due to edging up into mid-cap territory but its portfolio positioning is consistent with the overall investment strategy. However, we are placing PGIM Jennison Small Company on watch due to a manager retirement. John Mullman, the longest tenured manager on this fund, retired in March 2020. The move had been previously announced, so the change did not come as a surprise and was well planned. Also encouraging is that Jason Swiatek, lead manager here since November 2013, and Jonathan Shapiro, a named comanager since July 2018, remain on the fund. Both have extensive experience but, amid a period of underperformance, we are placing the fund on watch to monitor whether any substantive changes to philosophy or implementation of the strategy occur following Mullman's departure.
