Morningstar Investment Management LLC Analysis

We are placing Ivy International Core Equity on watch in our fiduciary programs. This fund fails some of our performance screens and its trailing three- and five-year returns rank in the bottom-quartile of its Morningstar Category; the fund also landed in the bottom quartile of the category in the last three calendar years. The fund's investment style has been somewhat out of favor within its category recently, but we would like to see performance pick up in coming quarters.

Morningstar Investment Management LLC Analysis

We are placing JPMorgan Small Cap Value on watch due to the departure of longtime portfolio manager Dennis Ruhl, who left in November. While an experienced team of comanagers remains in place, Ruhl was integral to JPM's U.S. behavioral finance group, helping to develop and refresh the quantitative models that largely drive performance at the funds the team oversees. During the period it is on watch, the fund will be subject to heightened scrutiny as we assess the impact of Ruhl's departure on the fund's performance patterns and risk characteristics.
