Morningstar Investment Management LLC Analysis

We are removing the DWS Enhanced Commodity Strategy from fiduciary coverage due to persistent underperformance. Over the prior decade the fund has only outperformed the median peer in the commodities broad-basket Morningstar Category in two calendar years and matched it in two others. As a result, trailing one-, three-, five-, and 10-year returns rank in the bottom quartile. As a result, we have lost conviction in the fund and are removing it from fiduciary coverage.

Morningstar Investment Management LLC Analysis

Neuberger Berman Real Estate fund has struggled with weak relative performance since 2022. Although underperformance in those years wasn't dramatic, the cumulative effect has been significant and the fund's bottom-quintile performance for the first three quarters of 2025 has further dragged down its trailing return rankings. We are placing the fund on watch while we assess the team's ability to deliver competitive risk-adjusted results.

Morningstar Investment Management LLC Analysis

We are placing Vanguard International Value on watch due to a change in subadvisor. Vanguard announced on June 16th that they had replaced Lazard as a subadvisor with Altrinsic Global Investors, effectively immediately, due to performance concerns. Altrinsic, ARGA, and Sprucegrove will each manage 1/3 of the portfolio. We are placing the fund on watch while we monitor the new subadvisor mix.
