Morningstar Investment Management LLC Analysis

We are placing this fund on watch for performance. While we expect the concentrated approach of longtime lead manager and firm founder Ron Baron, along with comanager Neal Rosenberg, to produce occasionally jagged performance patterns, the fund's recent underperformance is more extreme than we are accustomed to seeing. The fund experienced a nearly -12% loss through September-end 2025, while the category and index returned around 9%, and that follows two calendar years of bottom-quintile performance. Much of this year's poor results have been driven by losses in some of the fund's larger media and data-research holdings such as FactSet, Gartner, and MSCI. While the fund is on watch, we will monitor to see whether it can return to its historical levels of risk-adjusted return.

Morningstar Investment Management LLC Analysis

This fund fails our expense screen with fees that are higher than the broad category average. Plan costs are sometimes wrapped into fund fees, but because costs are predictive of a fund's future relative performance, we would still like to see lower overall expenses here.

✗ **Performance:** The fund has finished in the Large Blend category's top three quartiles in 5 of the 10 years it's been in existence.

✔ **Management:** The fund's management has been in place for 3.75 years.

✗ **Style:** The fund has landed in its primary style box — Large Blend — 63.64 % of the time over the past three years.

✔ **Net Expense:** The fund's expense ratio of 0.22 is 67.16% lower than the Large Blend category average.

Morningstar Investment Management LLC Analysis

We are placing Vanguard Dividend Growth on watch due to significant and persistent underperformance. The fund ranks in the bottom decile for 2023, 2024, and 2025, which has dragged down all trailing periods, including one-, three-, and five-year results. While the strategy's conservative approach has historically provided strong downside protection, such as top-decile performance in 2022's market pullback, it continues to lag in growth-driven markets and has underperformed even relative to other dividend-growth mandates. Given these challenges and its consistent shortfall versus its benchmark, we believe monitoring is warranted while recognizing the fund's quality-oriented approach may rebound in a market pullback.

Morningstar Investment Management LLC Analysis

We are placing Vanguard International Value on watch due to a change in subadvisor. Vanguard announced on June 16th that they had replaced Lazard as a subadvisor with Altrinsic Global Investors, effectively immediately, due to performance concerns. Altrinsic, ARGA, and Sprucegrove will each manage 1/3 of the portfolio. We are placing the fund on watch while we monitor the new subadvisor mix.
