Morningstar Investment Management LLC Analysis

We are placing Invesco Oppenheimer International Growth on watch for performance. This fund has struggled recently, most notably in 2018 when it fell further than its category peers and benchmark index. In the first half of 2019, the fund outpaced its prospectus benchmark and kept pace with its peers in the Foreign Large Growth Morningstar Category, but it could take some time for this fund to regain its standings in the category. There's reason for hope, as manager George Evans has led the effort here for over twenty years and long-term results are still competitive. We'll be watching for better relative performance in the coming quarters.

Morningstar Investment Management LLC Analysis

Due to the retirement of T. Rowe Price New Income's longtime lead manager and other shifts within the team, we are recommending placing the fund on watch. Although former lead manager Dan Shackelford's successor, Steve Bartolini, has experience on the fund, including a year as comanager, there also will be some turnover among the sector portfolio managers, who handle security selection for the portfolio. While the fund is on watch, we will be following performance closely as we assess how the fund fares under its changed leadership.
