## Morningstar Investment Management LLC Analysis

We are placing JPMorgan Small Cap Value on watch due to the departure of longtime portfolio manager Dennis Ruhl, who left in November. While an experienced team of comanagers remains in place, Ruhl was integral to JPM's U.S. behavioral finance group, helping to develop and refresh the quantitative models that largely drive performance at the funds the team oversees. During the period it is on watch, the fund will be subject to heightened scrutiny as we assess the impact of Ruhl's departure on the fund's performance patterns and risk characteristics.

## Morningstar Investment Management LLC Analysis

In mid-December 2019, PIMCO announced that longtime lead manager Mihir Worah would be retiring in March of 2020. Although the fund benefits from PIMCO's extensive resources and the current managers are experienced (but new to the team) we believe the fund merits watch status while we closely monitor its results after Worah's departure. This fund fails our expense screen. However, that is due to reporting requirements concerning costs that are incurred by executing the strategy and are already reflected in the fund's pre-expense returns. Based on previous calculation rules, the fund's expenses are comparable with other offerings in its share class.
