Morningstar Investment Management LLC Analysis

We are placing BlackRock Inflation Protected Bond on watch following the abrupt departure of its lead and longest-tenured manager, David Rogal. While the fund is on watch, we'll assess the ability of the current team--comanagers Harrison Segall, Johan Sjogren, who joined the fund in February 2024, and newly appointed comanager Russell Brownback--to deliver competitive risk-adjusted results comparable to those the fund achieved during Rogal's tenure.

Morningstar Investment Management LLC Analysis

Performance at this analyst-driven fund has fallen off in recent years with three calendar years of bottom-third performance rankings in its category, and underperformance again so far in the first half of 2025. It has lagged the average category peer by two percentage points annualized over the trailing three-year period and lagged its benchmark by 3.5 percentage points over that time. While the fund consistently exhibits lower risk metrics, this stretch of recent underperformance is weighing on the longer-term performance record, and we are placing the fund on watch.
