Morningstar Investment Management LLC Analysis

We are placing BlackRock Inflation Protected Bond on watch following the abrupt departure of its lead and longest-tenured manager, David Rogal. While the fund is on watch, we'll assess the ability of the current team--comanagers Harrison Segall, Johan Sjorgren, who joined the fund in February 2024, and newly appointed comanager Russell Brownback--to deliver competitive risk-adjusted results comparable to those the fund achieved during Rogal's tenure.

Morningstar Investment Management LLC Analysis

This fund fails our performance consistency screen. Its relative performance versus typical peers in the ultrashort bond category has struggled, partly due to its strict adherence to investing in government securities, which have lagged credit instruments. We believe those results are consistent with the strategy and do not merit putting the fund on watch at this time.
