This fund fails our expense screen with fees that are higher than the broad category average. Plan costs are sometimes wrapped into fund fees, but because costs are predictive of a fund's future relative performance, we would still like to see lower overall expenses here.

Morningstar Investment Management LLC Analysis

We are placing Vanguard International Value on watch due to a change in subadvisor. Vanguard announced on June 16th that they had replaced Lazard as a subadvisor with Altrinsic Global Investors, effectively immediately, due to performance concerns. Altrinsic, ARGA, and Sprucegrove will each manage 1/3 of the portfolio. We are placing the fund on watch while we monitor the new subadvisor mix.

✗ **Performance:** The fund has finished in the Small Value category's top three quartiles in 6 of the 10 years it's been in existence.

✔ **Management:** The fund's management has been in place for 27.69 years.

✗ **Style:** The fund has landed in its primary style box — Small Value — 58.33% of the time over the past three years.

✔ **Net Expense:** The fund's expense ratio of 0.9 is 16.67% lower than the Small Value category average.

Morningstar Investment Management LLC Analysis

Despite the fund's higher quality focus being out of favor, the fund has underperformed by a wider margin than we would like to see. We're proposing to put on watch to monitor. The fund's approach focuses on identifying cash generative companies to invest in while trying to mitigate downside risk. This means it typically shines in down markets like 2022 but can lag in rallies like it did in 2023 and 2024. It's continued to struggle to keep pace with peers YTD and this period of underperformance has started to weigh on longer term results with the fund landing in the small value category's bottom quintile over the trailing three- and five-year periods.
