This fund fails our performance consistency screen. Its relative performance versus typical peers in the ultrashort bond category has struggled, partly due to its strict adherence to investing in government securities, which have lagged credit instruments. We believe those results are consistent with the strategy and do not merit putting the fund on watch at this time.

## Morningstar Investment Management LLC Analysis

We are placing Vanguard International Value on watch due to a change in subadvisor. Vanguard announced on June 16th that they had replaced Lazard as a subadvisor with Altrinsic Global Investors, effectively immediately, due to performance concerns. Altrinsic, ARGA, and Sprucegrove will each manage 1/3 of the portfolio. We are placing the fund on watch while we monitor the new subadvisor mix.
